

Dear All,

we are pleased to inform you that Lombardy Region and ARIA spa has announced - by publishing (<http://simap.ted.europa.eu>) Pre-Information Notices here attached - an open market consultation aimed at validating the prerequisite for launching pre-commercial public procurement procedure for the acquisition of research and technological development services finalized to the design, prototyping and experimentation of new technological solutions concerning "Technological development of the imaging in surgical assistance and support systems".

All economic operators and subjects operating in the research sector are invited to take part in open market consultation regardless of their geographical location, size and organizational structure.

December 13 th, 2019 (from 11. 45 AM to 14.30 PM)

venue: Sala Convegni in Palazzo Sistema di Regione Lombardia

via Torquato Taramelli, 26 - Milano - IT

The market consultation involves the proactive analysis of technology offer available on the market and will provide crucial inputs to the procurement plan, with the aim of achieving the following specific objectives:

- investigating and analyzing the currently available technologies and to obtain performance information as well as the coverage levels of the required features in order to confirm the assumption for a pre-commercial contract;
- assess the feasibility of technological developments within the expected duration of the contract;
- identifying market risks potentially hindering the achievement of expected objectives and performance;
- enabling opportunities for mutual exchange and mutual understanding between market players in view of the (future) establishment of any fit-for-purpose consortia.

Consultants with the market will be required to provide information on marketed or developing solutions that can meet the need described in the Technical sheet. During the open consultation with the market, information will also be provided on the objectives, key elements and the main contractual conditions of pre-commercial public procurement.

Consultation with the market will be conducted both Italian and English and can be followed in live streaming - <http://mediaportal.regione.lombardia.it/#/live/3928>. You will be able to ask questions and you can provide further informations by filling market survey.

Please **register** to the event **by December 6** by following this [link](#)
